DAILY RATE- one dog per run

Run Size	Rate
extra large run (5'x6')	\$27.00
large run (4'x6')	\$26.00
medium run (4'x5')	\$24.00
small run (4'x4')	\$22.00

For each additional dog in the same run* a discount of \$4.00 off of the daily rate is applied.
example: 2 dogs in large run would be \$26 for first dog and \$22 for second dog for a total daily rate of \$48 for both dogs.

*Boarding more than one dog in the same enclosure is subject to the size of dogs and temperament of the dogs. After a discussion with you, each situation will be determined on a individual basis as to whether or not we can board your dogs together in the same run.
Some things to consider: Can they eat in close proximity? Is there a large difference in age or energy level?

For each additional dog in the same family but in a separate run a discount of \$2.00 off of the daily rate is applied.

example: First dog in a large run is full rate of \$26 and second dog in their own large run is charged a daily rate of \$24.
